SUBJECT INDEX

Aestivation
Neurochemical correlates of aestivation : Aminotransferase heterogeneity in the cerebral ganglion of the amphibious snail *Pila globosa* 278

Aflatoxin accumulation
Fungal infection of groundnut pods and aflatoxin accumulation before harvest 432

Aizoaceae
Anatomical studies on certain members of Aizoaceae 399

Albino rats
Effect of *Pulsatilla* 30 and 200 potencies (a homoeopathic drug) on the ovaries, the uteri and the thyroids of female albino rats 100

Aminotransferase
Neurochemical correlates of aestivation : Aminotransferase heterogeneity in the cerebral ganglion of the amphibious snail *Pila globosa* 278

Anatomical studies
Anatomical studies on certain members of Aizoaceae 399

Antifungal substances
Relationship between preformed/post-infectional antifungal substances in leaves of *Panicum repens* L. and compatibility with *Pyricularia* spp. 257

Antithymocyte serum
In vitro properties of heterologous anti-lizard thymocyte serum 1

Role of the thymus in the immune response to sheep erythrocytes in the lizard *Calotes versicolor* 25

Apama siliquosa
Pharmacognostical studies on the root of *Apama siliquosa* Lamk. (Aristolochiaceae) 412

Bacterial blight incidence
The relation between certain host characters and bacterial blight incidence in rice 301

Bagh beds—Palaeontology
Palaeontology of the Bagh beds : Part X—Scaphitidae 67

Bignoniaceae
Petiolar anatomy of certain members of Bignoniaceae 57

Biochemical composition—fish
Seasonal variations in the biochemical composition of *Clarias batrachus* L. 147

Casuarina equisetifolia
Preliminary studies on the development and structure of root nodules in *Casuarina equisetifolia* L. 34

Ceroplastes
Two new species of parasites from wax scale *Ceroplastes* sp. and a new genus and species from *Saccharicoccus sacchari* (Ckll.) of potential importance from India (Hymenoptera : Encyrtidae) 13

Chlorophyll-deficiency
A chlorophyll-deficiency factor in the natural populations of *Tephrosia purpurea* (L.) Pers. 43

Chondrocranium
The development of the chondrocranium of *Cyprinus carpio* Linn. 351

Clarias batrachus
Seasonal variations in the biochemical composition of *Clarias batrachus* L. 147

Seasonal, size and comparative study of plasma proteins of four air-breathing freshwater fishes 384

Crotalaria
Structure and development of seed coat in *Crotalaria* and *Tephrosia* species 283

Cyperaceae
Post pollination studies in some *Cyperaceae* 391

Cyprinid fishes
Taxonomic studies on the fishes of the family Cyprinidae from lake Kolleru, Andhra Pradesh 107

Cyprinus carpio
The development of the chondrocranium of *Cyprinus carpio* Linn. 351

Cytoplasmic vesicles
Occurrence of non-nucleate cytoplasmic vesicles during development of embryo and endosperm in *Torilis nodosa* and *Pseudorlaya pumila* (Umbelliferae) 364

Cytotaxonomy
Cytotaxonomical studies in the genus *Thespesia* 156

Dryopteris
Morphology of the prothallus and juvenile sporophytes of some species of *Dryopteris* 48

Durgapura soils
Effect of water stress on growth, nodulation and rhizosphere micropopulation of *Pisum sativum* L. in Durgapura soils 160

Dye-binding capacity
Differences in DBC values of polyploidal mulberry (*Morus* sp.) leaves 167

Eel-like fish
On a new eel-like fish of the genus *Pillaia* Yazdani (Pisces : Mastacembelodei) from India 53

Encyrtidae
Two new species of parasites from wax scale *Ceroplastes* sp. and a new genus and species from *Saccharicoccus sacchari* (Ckll.) of potential importance from India (Hymenoptera : Encyrtidae) 13

Epidermal structure
Phyllody disease of *Raphanus sativus* L. and variation in the epidermal structure 319

Flowering behaviour — *Indica*
Impact of photo period on seasonal sowing in rice. III. Interaction between short photoperiod and the month of sowing in late-winter rice 292

Fungal flora
Fungal flora of rice field soils 90

Fungal infection
Fungal infection of groundnut pods and aflatoxin before harvest 432

Geocarposphere Mycoflora—groundnut
Rhizosphere and geocarposphere mycoflora of groundnut (*Arachis* hypogaea Linn.) 420

Geochemistry—thorium and uranium
Natural radioactivity and geochemical processes in the marine environment of the West Coast of India 173

Glomus macrocarpus
Symbiotic effect of vesicular-arbuscular mycorrhizal fungi on the phosphate nutrition of potatoes 310

Groundnut inheritance
Genic analysis in groundnut. I. Inheritance studies in 18 morphological characters in crosses with Gujarat narrow leaf mutant 340

Groundnut pods
Fungal infection of groundnut pods and aflatoxin accumulation before harvest 432

Gujarat narrow leaf mutant
Genic analysis in groundnut. I. Inheritance studies in 18 morphological characters in crosses with Gujarat narrow leaf mutant 340

Haematology—cat fish
Hematology of a cat fish *Rita rita* (Ham.) 369

Immune response
Role of the thymus in the immune response to sheep erythrocytes in the lizard *Calotes versicolor* 25

Jumping spiders
Description of 2 new species of jumping spider of the genus *Rhene* (family : Salticidae) from India 274

Karyotype
Autotetraploidy in *Fimbristylis falcata* (Vahl) Kunth (Cyperaceae) 21

Lizard
In vitro properties of heterologous anti-lizard thymocyte serum 1

Role of the thymus in the immune response to sheep erythrocytes in the lizard *Calotes versicolor* 25

Marine environment
Natural radioactivity and geochemical processes in the marine environment of the West Coast of India 173

Mass flow theory
Wing beat frequency of a flier—Mass flow theory 327

Mastacembeloidei
On a new eel-like fish of the genus *Pillaia* Yazdani (Pisces: Mastacembeloidei) from India 53

Meiosis
Autotetraploidy in *Fimbristylis falcata* (Vahl) Kunth (Cyperaceae) 21

Morphology — palm leaf
Morphological and ontogenetic studies in palms. VI. On the ontogeny of plication in the palm leaf 269

Morphology — rice
The relation between certain host characters and bacterial blight incidence in rice 301

Morus sp.
Differences in DBC values of polyploidal mulberry (*Morus* sp.) leaves 167

Natural autotetraploid
Autotetraploidy in *Fimbristylis falcata* (Vahl) Kunth (Cyperaceae) 21

Natural radioactivity
Natural radioactivity and geochemical processes in the marine environment of the West Coast of India 173

Neurochemical correlates
Neurochemical correlates of aestivation: Aminotransferase heterogeneity in the cerebral ganglion of the amphibious snail *Pila globosa* 278

Ontogenetics — palm leaf
Morphological and ontogenetic studies in palms. VI. On the ontogeny of plication in the palm leaf 269

Panicum repens
Relationship between preformed/post-infectional antifungal substances in leaves of *Panicum repens* L. and compatibility with *Pyricularia* spp. 257

Petiolar anatomy
Petiolar anatomy of certain members of Bignoniaceae 57

Pharmacognostical studies
Pharmacognostical studies on the root of *Apama siliquosa* Lamk. (Aristolochiaceae) 412

Phyllody disease
Phyllody disease of *Raphanus sativus* L. and variation in the epidermal structure 319

Pila globosa
Neurochemical correlates of aestivation : Aminotransferase heterogeneity in the cerebral ganglion of the amphibious snail *Pila globosa* 278

Pisum sativum
Effect of water stress on growth, nodulation and rhizosphere micropopulation of *Pisum sativum* L. in Durgapura soils 160

Placentation
Placentation in the Rutaceae 378

Placentosciophiles
Palaeontology of the Bagh beds : Part X — Scaphitidae 67

Plication
Morphological and ontogenetic studies in palms. VI. On the ontogeny of plication in the palm leaf 269

Polyploidal mulberry
Differences in DBC values of polyploidal mulberry (*Morus* sp.) leaves 167

Post-pollination
Post-pollination studies in some Cyperaceae 391

Potato nutrition
Symbiotic effect of Vesicular-arbuscular mycorrhizal fungi on the phosphate nutrition of potatoes 310

Prothallus
Morphology of the prothallus and juvenile sporophytes of some species of *Dryopteris* 48

Pseudorlaya pumila
Occurrence of non-nucleate cytoplasmic vesicles during development of embryo and endosperm in *Torilis nodosa* and *Pseudorlaya pumila* (Umbelliferae) 364

Pulsatilla
Effect of *Pulsatilla* 30 and 200 potencies (a homoeopathic drug) on the ovaries, the uteri and the thyroids of female albino rats 100

Pyricularia
Relationship between preformed/post-infectional antifungal substances in leaves of *Panicum repens* L. and compatibility with *Pyricularia* spp. 257

Raphanus sativus L.
Phyllody disease of *Raphanus sativus* L. and variation in the epidermal structure 319

Rhene
Description of 2 new species of jumping-spider of the genus *Rhene* (family ; Salticidae) from India 274

Rhizosphere — groundnut
Rhizosphere and geocarposphere mycoflora of groundnut (*Arachis hypogaea* Linn.) 420

Rice field soils
Fungal flora of rice field soils 90

Rita rita
Hematology of a cat fish *Rita rita* (Ham.) 369

Root nodules
Preliminary studies on the development and structure of root nodules in *Casuarina equisetifolia* L. 34

Rutaceae
Placentation in the Rutaceae 378

Saccharicoccus sacchari
Two new species of parasites from wax scale *Ceroplastes* sp. and a new genus and species from *Saccharicoccus sacchari* (Ckll.) of potential importance from India (Hymenoptera : Encyrtidae) 13

Scaphitidae
Palaeontology of the Bagh beds : Part X — Scaphitidae 67

Seasonal rice sowing
Impact of photoperiod on seasonal sowing in rice. III. Interaction between short photoperiod and the month of sowing in a late-winter rice 292

Seasonal variation
Seasonal, size and comparative study of plasma proteins of four air breathing fresh water fishes 384

Sedimentary particles
Natural radioactivity and geochemical processes in the marine environment of the West Coast of India 173

Seed coat—structure and development
Structure and development of seed coat in *Crotalaria* and *Tephrosia* species 283

Sporophytes, juvenile
Morphology of the prothallus and juvenile sporophytes of some species of *Dryopteris* 48

Symbiotic effect
Symbiotic effect of Vesicular-arbuscular mycorrhizal fungi on the phosphate nutrition of potatoes 310

Taxonomy — fish
Taxonomic studies on the fishes of the family Cyprinidae from lake Kolleru, Andhra Pradesh 107

Tephrosia
Structure and development of seed in *Crotalaria* and *Tephrosia* species 283

Tephrosia purpurea
A chlorophyll-deficiency factor in the natural populations of *Tephrosia purpurea* (L.) Pers. 43

Thespesia
Cytotaxonomical studies in the genus *Thespesia* 156

Thymus
In vitro properties of heterologous anti-lizard thymocyte serum 1

Role of the thymus in the immune response to sheet erythrocytes in the lizard *Calotes versicolor* 25

Torilis nodosa
Occurrence of non-nucleate cytoplasmic vesiscles during development of embryo and endosperm in *Torilis nodosa* and *Pseudorlaya pumila* (Umbelliferae) 364

Trichomes
Trichomes in Trifolieae 77

Trifolieae
Trichomes in Trifolieae 77

Water stress
Effect of water stress on growth, nodulation and rhizosphere micropopulation of *Pisum sativum* L. in Durgapura soils 160

Wing beat frequency — flier
Wing beat frequency of a flier—Mass flow theory 327

SUBJECT INDEX

Acanthaceae
Foliar epidermis and ontogeny of stomata in *Ecbolium linneanum* Kurz. 381

Accessory salving tube
On the functional anatomy of the salivary systems of *Purana tigrina* Walk. (Homoptera: Cicadidae) 255

Acclimation
Thermal relations of the Indian leech, *Poecilobdella viridis* (Blanchard) 229

Adelina rayi
Observations on the morphology and sporogony of a coccidian *Adelina rayi* n.sp. from the gut of the centipede, *Rhysida longipes* 239

Aestivation
Neurochemical correlates of aestivation: Changes in ganglionic protein metabolism in Indian apple snail *Pila globosa* 139

Neurosecretion in the fresh water prosobranch, *Pila virens*. I—Neurosecretion in the normal and aestivating snails 323

Agathis unicolorata
Life table studies and intrinsic rate of increase of *Agathis unicolorata* (Shenefelt) (Hymenoptera: Braconidae) 39

Alachlor
Alachlor: A new potent antitranspirant on maize plants 143

Ammonia excretion of catfish
Oxygen consumption and ammonia excretion in the catfish *Mystus armatus*, with special reference to swimming speed and ambient oxygen 195

Ammonia quotient in catfish
Oxygen consumption and ammonia excretion in the catfish *Mystus armatus*, with special reference to swimming speed and ambient oxygen 195

Anacardiaceae
Morphology, anatomy and development of the midrib galls on the leaflets of *Lannea coramandelica* (Hoult.) Merrill (Anacardiaceae) caused by *Odinadiplosis odinae* Mani (Diptera) 159

Androembryogenesis
Experimental androgenesis in plants—A review 337

Androgenesis
Experimental androgenesis in plants—A review 337

Angiosperm
A new approach to the classification of angiosperm embryos 1

Antitranspirant activity
Alachlor: A new potent antitranspirant on maize plants 143

Asiatic Maydeae
Cytological study of *Trilobachne cookei* (Stapf) Schenck ex Henr. (Tribe Maydeae) 295

Atylosia
Development of seed in *Rhynchosia*, *Cajanus* and *Atylosia* (Subtribe Cajaneae) 303

Azotobacter
Presence of *Azotobacter* in relation to physico-chemical properties of some North Indian soils 389

Bacterial leaf streak
Effect of inoculum concentration, age and degree of susceptibility of the host on bacterial leaf streak development 223

Balanus kondakovi
Histology and histochemistry of cement glands of *Balanus kondakovi* 411

B. bengalensis
Food preferences of the Indian mole rat *Bandicota bengalensis* (Gray) 329

Bignoniaceae
Studies in Bignoniaceae I. Nodal anatomy 375

Bufo melanostictus
Sarcophaga ruficornis Fabr. (Carcophagidae: Diptera) as a parasite of the common Indian toad 207

Bulbophylleae
A contribution to the embryology of *Cirrhopetalum fimbriatum* Lindl. 211

Cajanus
Development of seed in *Rhynchosia*, *Cajanus* and *Atylosia* (Subtribe Cajaneae) 303

Callus
Experimental androgenesis in plants—A review 337

Calotropis procera pollen
Dehydrogenases and isocitrate lyase activity during pollen germination in *Calotropis procera* 371

Carpel mutants
Multiple carpel mutants in pearl millet 93

Catalase
Catalase and peroxidase in leaves of iron deficient plants 55

Centipede
Observations on the morphology and sporogony of a coccidian *Adelina rayi* n. sp. from the gut of the centipede, *Rhysida longipes* 239

Chlorotic plants
Catalase and peroxidase in leaves of iron deficient plants 55

Cirrhopetalum fimbriatum
A contribution to the embryology of *Cirrhopetalum fimbriatum* Lindl. 211

Clinopodium umbrosum
Studies in Lamiaceae I. The node 281

Clone
Experimental androgenesis in plants—A review 337

Coccidian
Observations on the morphology and sporogony of a coccidian *Adelina rayi* n. sp. from the gut of the centipede, *Rhysida longipes* 239

Commelina benghalensis
Studies on the development of *Commelina benghalensis* L I. Zygote to globular proembryo 167

Costus malortieanus
Some aspects of the morphology of the ovule and seed of *Costus malortieanus* (Zingiberaceae) 175

Crotalaria
Anatomical studies in *Crotalaria* and *Tephrosia* species. Vasculature of flower 361

Cytoembryology
Experimental androgenesis in plants—A review 337

Cytomorphology
Cytomorphological studies in the genus *Helianthus* I. Karyotype studies in the diploid species 155

Cytotypes
Gametophytic abnormalities in a triploid fern *Hypodematium crenatum* (Forsk.) Kuhn 107

Dalzelia zeylanica

The female gametophyte in two Indian genera of Tristichoideae (Podostemaceae)—A reinvestigation 287

Endomitosis
Experimental androgenesis in plants—A review 337

Energy value
Food preferences of the Indian mole rat *Bandicota bengalensis* (Gray) 329

Enteropogon coimbatorensis
A review of the genus *Enteropogon* Nees (Gramineae) 81

Esterases
Esterases in trematodes: 1. Nerve arrangement and distribution esterases in *Singhiatrema longifurca* and *Paradistomoides orientalis* 311

Fecundity
Life table studies and intrinsic rate of increase of *Agathis Unicolorata* (Shenefelt) (Hymenoptera: Braconidae) 39

Macropterous, brachypterous
A note on oviposition in the macropterous and brachypterous forms of the rice brown planthopper, *Nilaparvata lugens* Stal (Homoptera, Delphacidae) 405

Field conditions
Catalase and peroxidase in leaves of iron deficient plants 55

Fish fecundity
Fecundity and its role in racial studies of *Gudusia chapra* (Pisces: Clupeidae) 245

Foetal membranes
Development of the foetal membranes in the Indian horse-shoe bat, *Rhinolophus rouxi* (Temminck) 61
Foetal membranes and placentation in the vespertilionid bat, *Scotophilus heathi* (Horsefield) 117

Foliar application
Alachlor: A new potent antitranspirant on maize plants 143

Foliar sclereids
Typology and distributional pattern of foliar sclererеids in *Plethiandra* Hook f. (Melastomataceae) 45
The typology of foliar sclereids in taxonomic problems of the Monosteroidae of the Araceae 73

Food preferences
Food preferences of the Indian mole rat *Bandicota bengalensis* (Gray) 329

Free amino acid
Neurochemical correlates of aestivation: Changes in ganglionic protein metabolism in India apple snail *Pila Globosa* 139

Freshwater fishes
Zoogeography of Indian freshwater fishes 265

Functional anatomy
On the functional anatomy of the salivary systems of *Purana tigrina* Walk (Homoptera: Cicadidae) 255

Gametophytic abnormalities
Gametophytic abnormalities in a triploid fern *Hypodematium crenatum* (Forsk.) Kuhn 107

Ganglia
Neurosecretion in the fresh water prosobranch, *Pila virens*. I—Neurosecretion in the normal and aestivating snails 323

Generic fern record
Holcosorus Moore—A new generic fern record for the Indian region 385

Geranium robertianum
Studies in Geraniale: 1. The nodal organization 99

Globular proembryo
Studies on the development of *Commelina benghalensis* L I. Zygote to globular proembryo 167

Gudusia chapra
Fecundity and its role in racial studies of *Gudusia chapra* (Pisces: Clupeidae) 245

Gular glands
On the functional anatomy of the salivary systems of *Purana tigrina* Walk (Homoptera: Cicadidae) 255

Haematopota Mg.
A preliminary study of the insect fauna of Meghalaya, India. 12. Species of the genera *tabanus* L. and *Haematopota* Mg. of the family tabanidae (Diptera) 127

Haemomonochorial
Foetal membranes and placentation in the vespertilionid bat, *Scotophilus heathi* (Horsefield) 117

Haploid embryo
Experimental androgenesis in plaints—A review 337

Helianthus
Cytomorphological studies in the genus *Helianthus* I. Karyotype studies in the diploid species 155

Hemiptera
On the functional anatomy of the salivary systems of *Purana tigrina* Walk (Homoptera: Cicadidae) 255

Heterocyst frequency
Effect of metabolic inhibitors on growth, heterocyst frequency and spore formation in a blue-green alga, *Westiellopsis iyengarii* 217

Histochemistry
Histology and histochemistry of cement glands of *Balanus kondakovi* 411

Histopathology
Nature of resistance in rice (*Oryza sativa* L.) to the root-knot nematode (*Meloidogyne graminicola* Golden and Birchfield) II. Histopathology of nematode infection in rice varieties 87

Horse-shoe bat
Development of foetal membranes in the Indian horse-shoe bat. *Rhinolophus rouxi* (Temminck) 61

Hypodematium crenatum
Gametophytic abnormalities in a triploid fern *Hypodematium crenatum* (Forsk.) Kuhn 107

Indotristicha ramosissima
The female gametophyte in two Indian genera of Tristichoideae (Podostemaceae)—A reinvestigation 287

Inoculum concentration
Effect of inoculum concentration, age and degree of susceptibility of the host on bacterial leaf streak development 223

Inperfecti
Studies on the soil fungi or Iraq 151

Insect fauna
A preliminary study of the insect fauna of Meghalaya, India 12. Species of the genera *Tabanus* L. and *Haematopota* Mg. of the family Tabanidae (Diptera) 127

Intergeneric crosses
Cytological study of *Trilobachne cookei* (Stapf) Schenck ex Henr. (Tribe Maydeae) 295

Iron enzymes
Catalase and peroxidase in leaves of iron deficient plants 55

Isocitrate lyase
Dehydrogenases and isocitrate lyase activity during pollen germination in *Calotropis procera* 371

Karyotype
Cytomorphological studies in the genus *Helianthus* I. Karyotype studies in the diploid species 155

Labeo bata
Length-weight relationship of a carp, *labeo bata* (Ham.) 189

Lamiaceae
Studies in Lamiaceae I. The node 281

Lannea coramandelica
Morphology, anatomy and development of the midrib galls on the leaflets of *Lannea coramandelica* (Hoult.) Merrill (Anacardiaceae) caused by *Odinadiplosis odinae* Mani (Diptera) 159

Length-weight relationship
Length-weight relationship of a carp, *Labeo bata* (Ham.) 189

Life table studies
Life table studies and intrinsic rate of increase of *Agathis unicolorata* (Shenefelt) (Hymenoptera: Braconidae) 39

Linum usitatissimum
Studies on Geraniale: 1. The nodal organization 99

Longevity
A note an oviposition in the macropterous and brachypterous forms of the rice brown planthopper, *Nilaparvata lugens* Stal (Homoptera, Delphacidae) 405

Manure amended soil
Establishment and survival of *Spirillum lipoferum* 397

Meiotic irregularities
Cytological study of *Trilobachne cookei* (Stapf) Schenck ex Henr. (Tribe Maydeae) 295

Melampyrum pratense L
Contribution to the embryology of *Melampyrum pratense* L 23

Meloidogyne graminicola
Nature of resistance in rice (*Oryza sativa* L) to the root-knot nematode (*Meloidogyne graminicola* Golden and Birchfield). II. Mechanisms of resistance 33

Nature of resistance in rice (*Oryza sativa* L) to the root-knot nematode (*Meloidogyne graminicola* Golden and Birchfield) II. Histopathology of nematode infection in rice varieties 87

Microhyla chakrapanii
On two frogs of the family Microhylidae from Andamans including a new species 135

Microhyla inornata
On two frogs of the family Microhylidae from Andamans including a new species 135

Microscopic studies
Establishment and survival of *Spirillum liboferum* 397

Midrib galls
Morphology, anatomy and development of the midrib galls on the leaflets of *Lannea coramandelica* (Hoult.) Merrill (Anacardiaceae) caused by *Odinadiplosis odinae* Mani (Diptera) 159

Mixomicromus lampus
A new genus and a new species of Neuroptera (fam.: Hamerobiidae) from India 235

Monosteroideae
The typology of foliar sclereids in taxonomic problems of the Monosteroideae of the Araceae 73

Morphology
Observations on the morphology and sporogony of a coccidian *Adelina rayi* n. sp. from the gut of the centipede, *Rhysida longipes* 239

Mycelia sterilia
Studies on the soil fungi of Iraq 151

Myiasis, toads
Sarcophaga ruficornis Fabr. (Sarcophagidae: Diptera) as a parasite of the common Indian toad 207

Mystus armatus
Oxygen consumption and ammonia excretion in the catfish *Mystus armatus*, with special reference to swimming speed and ambient oxygen 195

Nematode infection
Nature of resistance in rice (*Oryza sativa* L) to the root-knot nematode (*Meloidogyne graminicola* Golden and Birchfield) II. Histopathology of nematode infection in rice varieties 87

Neuroptera
A new genus and a new species of Neuroptera (fam.: Hamerobiidae) from India 235

Neurosecretion
Neurosecretion in the fresh water prosobranch, *Pila virens*. I—Neurosecretion in the normal and aestivating snails 323

Nitrogen fixing capacity
Presence of *Azotobacter* in relation to physico-chemical properties of some North Indian soils 389

Nodal anatomy
Studies in Lamiaceae I. The node 281
Studies in Bignoniaceae I. Nodal anatomy 375

Numerical masaicism
Genetically controlled chromosome numerical mosaicism in pearl millet 15

Odinadiplosis odinae
Morphology, anatomy and development of the midrib galls on the leaflets of *Lannea coramandelica* (Hoult). Merrill (Anacardiaceae) caused by *Odinadiplosis odinae* Mani (Diptera) 159

Orchidaceae
A contribution to the embryology of *Cirrhopetalum fimbriatum* Lindl. 211

Organic evolution
The aim and scope of plant morphology—I 181

Oviposition period
A note on oviposition in the macropterous and brachypterous forms of the rice brown plant-hopper, *Nilaparvata lugens* Stal (Homoptera, Delphacidae) 405

Ovules and seed morphology
Some aspects of the morphology of the ovule and seed of *Costus malortieanus* (Zingiberaceae) 175

Oxygen consumption, catfish
Oxygen consumption and ammonia excretion in the catfish *Mystus armatus*, with special reference to swimming speed and ambient oxygen 195

Paradistomoides orientalis
Esterases in trematodes: 1. Nerve arrangement and distribution of esterases in *Singhiatrema longifurca* and *Paradistomoides orientalis* 311

Pearl millet
Multiple carpel mutants in pearl millet 93

Pearl millet chromosome
Genetically controlled chromosome numerical mosaicism in pearl millet 15

Pennisetum typhoides
Multiple carpel mutants in pearl millet 93

Peroxidase
Catalase and peroxidase in leaves of iron deficient plants 55

Phycomycetes
Studies on the soil fungi of Iraq 151

Physico-chemical properties
Presence of *Azotobacter* in relation to physico-chemical properties of some North Indian soils 389

Pila globosa
Neurochemical correlates of aestivation: Changes in ganglionic protein metabolism in Indian apple snail *Pila globosa* 139

Placentation
Foetal membranes and placentation in the vespertilionid bat, *Scotophilus heathi* (Horsefield) 117

Plant morphology
The aim and scope of plant morphology—I 181

Plethiandra
Typology and distributional pattern of foliar sclereids in *Plethiandra* Hook. f. (Melastomataceae) 45

Presumptive neurosecretory cells
Esterases in trematodes: 1. Nerve arrangement and distribution of esterases in *Singhiatrema longifurca* and *Paradistomoides orientalis* 311

Prosobranch
Neurosecretion in the fresh water prosobranch, *Pila virens*. I—Neurosecretion in the normal and aestivating snails 323

S K Ghosh 235–237

Observations on the morphology and sporogony of a coccidian *Adelina rayi* n.sp. from the gut of the centipede *Rhysida longipes*
C C Narasimhamurti 239–244

Fecundity and its role in racial studies of *Gudusia chapra* (Pisces: Clupeidae)
S L Chondar 245–254

On the functional anatomy of the salivary systems of *Purana tigrina* Walk. (Homoptera: Cicadidae)
David Livingstone 255–263

Zoogeography of Indian freshwater fishes
K C Jayaram 265–274

Esterases in trematodes: 1. Nerve arrangement and distribution of esterases in *Singhiatrema longifurca* and *Paradistomoides orientalis*
Shyam Sunder Simha and L Narasimha Rao 311–321

Neurosecretion in the fresh water prosobranch, *Pila virens*. I—Neurosecretion in the normal and aestivating snails
R Shylaja and K M Alexander 323–327

Food preferences of the Indian mole rat *Bandicota bengalensis* (Gray)
Arshad Kamal and Jamil Ahmad Khan 329–336

Plant Sciences

A new approach to the classification of angiosperm embryos
K Periasamy 1–13

Genetically controlled chromosome numerical mosaicism in pearl millet
J V Pantulu and G J Narasimha Rao 15–22

Contribution to the embryology of *Melampyrum pratense* L.
D Raju and Govindappa D Arekal 23–31

Nature of resistance in rice (*Oryza sativa* L) to the root-knot nematode (*Meloidogyne graminicola* Golden and Birchfield) II. Mechanisms of resistance
Rabindra Narayan Jena and Y Seshagiri Rao 33–38

Life table studies and intrinsic rate of increase of *Agathis unicolorata* (Schenefelt) (Hymenoptera: Braconidae)
R D Chundarwar 39–43

Typology and distributional pattern of foliar sclereids in *Plethiandra* Hook. f. (Melastomataceae)
T Ananda Rao and J Bhattacharya 45–53

Catalase and peroxide in leaves of iron deficient plants
S C Agarwala and N K Mehrotra 55–60

The typology of foliar sclereids in taxonomic problems of the Monosteroideae of the Araceae
T Ananda Rao 73–80

A review of the genus *Enteropogon* Nees (Gramineae)
K K N Nair, S K Jain and M P Nayar 81–85

Nature of resistance in rice (Oryza sativa L) to the root-knot nematode (*Meloidogyne graminicola* Golden and Birchfield) II. Histopathology of nematode infection in rice varieties
Rabindra Narayan Jena and Y Seshagiri Rao 87–91

Multiple carpel mutants in pearl millet
V Manga 93–97

Studies in Geraniale: 1. The nodal organization
Ashok Kumar 99–106

Gametophytic abnormalities in a triploid fern *Hypodematium crenatum* (Forsk.) Kuhn
D S Loyal, P Paik and G Tiwana 107–116

Alachlor: A new potent antitranspirant on maize plants
M Santakumari, C S Reddy and V S Rama Das 143–150

Studies on the soil fungi of Iraq
A L S Ismail and Samir K Abdullah 151–154

Cytomorphological studies in the genus *Helianthus* I. Karyotype studies in the diploid species
R S Ramakanth and A Seetharam 155–158

Morphology, anatomy and development of the midrib galls on the leaflets of *Lannea coramandelica* (Houlf.) Merrill (Anacardiaceae) caused by *odinadiplosis odinae* Mani (Diptera)
A Raman and C Devdas 159–165

Studies on the development of *Commelina benghalensis*. L. I. Zygote to globular pro-embryo
K K Lakshmanan 167–174

Some aspects of the morphology of the ovule and seed of *Costus molortieanus* (Zingiberaceae)
Jose K Mangaly and K Sworrupanandan 175–179

The aim and scope of plant morphology—I
K Periasamy and B G L Swamy 181–187

A contribution to the embryology of *Cirrhopetalum fimbriatum* Lindl.
K G Ekanthappa and Govindappa D Arekal 211–216

Effect of metabolic inhibitors on growth, heterocyst frequency and spore formation in a blue-green alga, *Westiellopsis iyengarii*
N T Chellappa, V N R Rao and G Ragothaman 217–222

Effect of inoculum concentration, age and degree of susceptibility of the host on bacterial leaf streak development
C Seshagiri Rao and S Devadath 223–227

The effect of added salt on competition between two ecotypes of *Cynodon dactylon* (L.) Pers.
U Gupta and P S Ramakrishnan 275–280

Studies in Lamiaceae I. The node
M L Gupta and S Bhambie 281–286

The female gametophyte in two Indian genera of Tristichoideae (Podostemaceae)—A reinvestigation
G D Arekal and C R Nagendran 287–294

Cytological study of *Trilobachne cookei* (Stapf) Schenck ex Henr. (Tribe Maydeae)
J Venkateswarlu, Panuganti N Rao and D S Narayana 295–302

Development of seed in *Rhynchosia, Cajanus* and *Atylosia* (Subtribe Cajaneae)
H M Behl and B Tiagi 303–310

Experimental androgenesis in plants—a review
B C Acharya and M V Ramji 337–360

Anatomical studies on *Crotalaria* and *Tephrosia* species. Vasculature of flower
Arvinder Kaur Narang 361–369

Dehydrogenases and isocitrate lyase activity during pollen germination in *Calotropis procera*
C P Malik and M B Singh 371–374

Studies in Bignoniaceae I. Nodal anatomy
D K Jain 375–380

Foliar epidermis and ontogeny of stomata in *Ecbolium Linneanum* Kurz.
B Kannabiran 381–384

Holcosorus Moore—A new generic fern record for the Indian region
R D Dixit and N C Nair 385–387

Presence of *Azotobacter* in relation to physico-chemical properties of some North Indian soils
R D Gupta, K K Jha, A S Sethi and G S Saharan 389–395

Establishment and survival of *Spirillum lipoferum*
V Lakshmi, A Satyanarayana Rao, K Vijayalakshmi, Lakshmi-Kumari, K V B R Tilak and N S Subba Rao 397–404

Oviposition in the macropterous and brachypterous forms of the rice brown planthopper, *Nilaparvata lugens* Stal (Homoptera, Delphacidae)
T M Manjunath 405–410

Histology and histochemistry of cement glands of *Balanus kondokovi*
A A Karande and S N Gaonkar 411–418
